INTRODUCTION
AND
GENERAL INDEX

SACRAMENTO DIRECTORY CO., publishers of the Sacramento Suburban Directory, present to subscribers and the general public, this the 1960 edition of the Sacramento Suburban Directory.

Confidence in the continued growth of the Sacramento Suburban Cities wealth, industry and population, and in the advancement of its municipal and social activities, will be created as sections of this Directory are consulted, for the Directory is a mirror truly reflecting the Sacramento Suburban Cities to the world.

The enviable position occupied by SACRAMENTO DIRECTORY CO.'S Directories in offices, stores, libraries and homes throughout the country, has been established by rendering the best in Directory service. With an unrivaled organization, and having the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Sacramento Suburban Directory will fulfill its mission as a source of authentic information pertaining to the community.

Four Major Departments

The four major departments are arranged in the following order:—
I. THE YELLOW PAGES constitute the first major department of the directory. This embraces a complete list of the names and addresses of the business and professional concerns of the communities, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the cities. Preceding this catalog, likewise grouped under appropriate headings, are the advertisements and business cards of firms and individuals desiring to present a more complete list of their products or services than is possible in the catalog itself. The Yellow Pages represent reference advertising at its best, and merit the attention of all buyers and sellers seeking sources of supply or markets for goods. In busy and diversified communities like Sacramento Suburban Cities, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns of the Sacramento Suburban Cities is the second major department printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of the Sacramento Suburban Cities, and the name, official personnel, nature and address of each firm and corporation in the cities.

III. THE DIRECTORY OF HOUSEHOLDERS, INCULUDING STREET AND AVENUE GUIDE,for the Sacramento Suburban Cities, Arden, Broderick, Carmichael, Del Paso Heights, Fair Oaks, Foothill Farms, North Highlands, North Sacramento, Town and Country and West Sacramento, is the third major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are place opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the listing of telephone numbers as supplied to us on the canvass opposite the name.

IV. THE NUMBERICAL TELEPHONE DIRECTORY for the Sacramento Suburban Cities,is the fourth major department, printed on blue paper.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Sacramento Suburban Cities.

THE AREA IN GENERAL

The Greater North Area of Sacramento County is only in its beginning as a great urban region—authorities declare. Curve of population increase is steadily mounting on heels of an influx of 145,000 new residents the past 10 years—brought by the area's attractions, including country atmosphere and fine climate.

Several populous centers with all urban facilities have been newly created in the past decade, some are continuing the trend. Many of the thousands of employees in California State Offices in Sacramento, as well as workers in the Capitol City's businesses and industries commute to the North Area.

The area extends from flat lands bordering the American and Sacramento Rivers into rolling hills in its northern and eastern portion.

HISTORICAL LORE

Much of what is now the Greater North Area was included in two huge ranchos, the Rancho Del Paso and Rancho San Juan, Mexican grants. The Del Paso was deeded by John A. Sutter to Eliab and Hiram Grimes and John Sinclair on August 10, 1853, and the San Juan was granted by Governor Micheltorena to Joel P. Dedmont on December 24, 1844.

John Marshall stopped in the area in 1848 to announce his discovery of gold at Coloma. Mary Sinclair, first white woman to locate in the Sacramento Valley, established her home in the North Area.

When James Ben Ali Haggin, a Kentuckian, acquired the Rancho Del Paso in 1860, he stocked it with the finest thoroughbred stallions and brood mares in the world—as many as 600 at one time. The ranch produced some of the best known horses in America in the late 19th and early 20th century, including Salvatore.

In addition to Arcade Boulevard, named after the "arcade" of buildings on Haggin's ranch, early area history is preserved in other street and district names, including Del Paso ("The Ranch of the Pass"); San Juan; Carmichael, honoring Daniel Carmichael, founder of the Carmichael Colony; Greenback Lane, originally near a long-extinct railroad right-of-way and named for the then little greenback money used as payroll by the railroad; Ben-Ali and Hagginwood, for James Ben Ali Haggin.

DISTRICTS—GREATER NORTH AREA

ARCADE

Includes a number of particularly attractive residential sub-divisions and the widely known Del Paso Country Club. The Arcade Square business and professional section is one of the newer and more attractive business centers in the area. Arcade was for years a cattle ranching and horse raising area and the Central Pacific Railroad had an Arcade station as early as 1868; but the homes of the district's 35,000 to 40,000 residents are as new and modern as tomorrow.

ARDEN

Is an extensive residential area of the best modern suburban type, extending for seven miles in the vicinity of the historic American River. It contains a remarkable number of bright new retail shopping centers, including Arden Town, Arden Plaza, Arden Way, Del Paso Manor, and the El Camino Shopping Center. Banks of the American River are scenes of numerous picnics.

BEN ALI

A triangle-shaped district bounded by the Southern Pacific right-of-way on the west, Ethan Way on the east, and Arden Way on the south, except for an extension south of Arden Way to the Freeway at the extreme southwest corner. On both sides of the freeway are two of the Sacramento area's principal industrial parks. Also in the district are two large-scale, ultra-modern hotel-motels, The Sacramento Inn and The El Dorado, and the huge Sears retail complex, the largest property occupied exclusively by a Sears-Roebuck & Co. operation anywhere in the world. Adjacent is the area's newest gigantic shopping center, Arden Fair. To the north and east of this is one of the area's fine new residential districts. Directly to the south is the 1,065-acre site of what is designed to be the foremost state fair in the United States, the California Exposition and State Fair. It is scheduled to open in 1961.

CARMICHAEL

One of California's most unique and colorful communities, with modern shopping centers and giving atmosphere and hospitality of the old west as personnel wear western attire. Homes are located on unusually large sites. A large, attractive community center and club house, and the Veterans' Memorial Building, are located in Carmichael Park, which is also the site of a new public swimming pool. Special events include the Carmichael Fall Festival, barbecue, rodeo, street dance, and parade, and the Western Fair.

CITRUS HEIGHTS

An extensive business, residential, and semi-rural region comprising the northeast portion of the Greater North Area. Citrus Heights has two principal shopping centers, one at Sylvan Corners (Auburn Boulevard) and one at Mariposa Avenue and Watson Way. Its attractions include Rusch Memorial Park, and one of its major annual events is the Garden Club Fall Flower Show.

COUNTRY CLUB CENTRE

Country Club Centre, with its tall palms, striking buildings, and attractive mall and surrounding satellite shopping segments constitute one of the most pretentious shopping complexes in California. Noteworthy are conveniently arranged parking areas accommodating 35,000 cars daily. Flower Shows, and civic activities are among special events at the centre, and square dances on the mall are regular Friday evening events during summer months. Included in the complex surrounding Country Club Centre is Country Club Plaza and Gourmet Lane; the mammoth Weinstock-Lubin store under construction and Country Club Bowl, huge amusement center.

DEL PASO HEIGHTS

Has two principal business sections, one at Marysville Road and Grand Avenue and one at Rio Linda Blvd. and Grand Avenue, both constantly developing in pace with the growth of the district. In the midst of the district's extensive residential area is the spacious campus of Grant Union High School. Connecting is the prosperous business-residential and small farms community of Robla.

FAIR OAKS

Is a dispersed, uncrowded, suburban and ranching community surrounding central business blocks, located in rolling, tree-studded country, the first foothills of the Sierras, on the bluffs of the American River. Added beauty is given by olive, orange, and almond groves. Aerojet Corporation, and other new industries, two gravel plants, an olive cannery, the Natomas gold dredges, and Mather Field, are nearby sources of employment. It has several fine community and organization buildings, a civic center park and playground, and a park board supervised swimming beach on the American River. Nimbus Lake is close at hand.

GARDENLAND

An extensive section of homes and small farms near the confluence of the American and Sacramento Rivers. In Northgate section are some of the finest new residential subdivisions in the area. The district affords ample room for many more large, desirable home-sites and sub-divisions, as well as shopping center. Beautiful homes line the north shore of the Sacramento River, along which are also located several yacht harbors. The northern portion includes some of the finest agricultural land in California.

HAGGINWOOD

A suburban residential and business community convenient to the larger business districts, notable for its unhurried aspect. Lofty trees and many winding residential streets provide a pleasing setting. One of its beauty spots is Hagginwood Park, site of the commodious Hagginwood Community Club House, including the new public library. In the early days the present Hagginwood District was the home of the three-quarter century old ranch house which was the home of the superintendent of the Haggin Ranch.

NORTH HIGHLANDS

Is one of the newest and most rapidly growing communities in California. North Highlands adjoins McClellan Air Force Base. An increasing number of bright new shopping centers serve needs, others are under construction. Larchmont and Strizek Parks and the Capehart Housing Village continue under development, will include community and recreational facilities. Noteworthy of the type of development is that this community alone now has 14 churches, all established in the past five years. Underway on 3,000 acres is the immense Bohanon $10,000,000 integrated residential, commercial and industrial development. Four-lane divided highways take the North Highlands residents to downtown and mid-town Sacramento.

NORTH SACRAMENTO

An incorporated city of 11,000 persons, is a thriving residential, business and industrial center with all urban services and facilities in a suburban environment. It has four industrial parks and an industrial section under constant expansion. Its principal business section follows lengthy and wide Del Paso Boulevard. Its facilities include 7 parks, the Woodlake Swimming Club, a Civic Center, several lodge and organization buildings. North Sacramento has a wide variety of active organizations and service clubs.

ORANGEVALE

Oldest recorded "colony" in the State formed basis for this extensive unincorporated region in the northeast portion of the area, with its attractive residential and semi-rural section. Several large subdivisions are under development. It includes two principal business sections on and adjoining Greenback Lane, one at Main Avenue and one at Hazel Avenue. It is a principal gateway for Nimbus and Folsom Lakes. Among its annual events are the Youth Carnival in August and the summer regatta on Nimbus Lake.

RIO LINDA-ELVERTA

Is a rich rural and residential area, surrounding towns of Rio Linda and Elverta. Rio Linda is the center of one of the principal poultry areas in the west and includes hatcheries, breeding farms and processing facilities for both chickens and turkeys, feed mixing and sales, and egg marketing. Elverta is a center for rice and grain, with extensive orchards to the east. Elverta's large swimming pool is a popular spot.

TOWN and COUNTRY VILLAGE

Widely-known Town and Country Village shopping center, with its distinct California Mission-rustic architecture, the smart, new neighboring Taylor Shopping Center and a number of large garden-court apartment buildings are a part of a great array of business, professional, restaurant-entertainment and apartment structures spreading out from the traffic hub of Fulton and Marconi Avenues. These are surrounded by sections of fine homes. One of the attractions of "The Village" shopping center are the fashion shows each Wednesday and Friday at the Chuck Wagon. Fulton Avenue has become renowned for its numerous excellent restaurants offering a wide variety of cuisine.

FAIR OAKS

(Courtesy Chamber of Commerce)

Location—Sixteen miles northeast of Sacramento on the north bank of the beautiful American River, two miles north of U. S. Highway 50.

Population—1950 population estimate of 12,500 is conservative. Population growth continues rapid.

Government—Fair Oaks is unincorporated, with Sacramento County providing roads, police (a resident deputy sheriff), and other service. Local government is by self-governing districts—fire, park, school, cemetery, sanitation and water.

Industry—Two gravel crushing plants are the largest local industries. Thousands of local residents, however, are employed by the Aerojet-General rocket plant four miles away, a Douglas Aircraft plant in process of construction, McClellan Air Force Base (which has 16,000 civilian employees), Mather AFB, the State of California, and private business in Sacramento and locally. There is no shortage of employment.

Schools--Fair Oaks has three elementary schools, and is served by two high schools. The San Juan Union High School District is one of the best in the state, noted for its high scholarship standards and its fine music department.

Churches--There are many churches in Fair Oaks, including the Presbyterian, Methodist and Baptist Churches, all with new buildings erected or in process; Faith Lutheran, with a new parochial school; Bible Baptist, St. Mel's Catholic, and L.D.S. (Mormon) Church and Kingdom Hall.

Services--Fair Oaks has a modern fire department, with a paid staff of three men and volunteer firemen to assist. Its water supply is excellent, with seven deep wells and all the water it can use from Folsom Dam. It is served by inexpensive power from the Sacramento Municipal Utility District and natural gas from PG&E.

Recreation—Next door to Nimbus Dam and Lake, and only a few miles from Folsom Dam, Fair Oaks is destined to become a great recreational center when these lakes are developed as State Parks. In addition, Fair Oaks has a beach on the banks of the American River, and several local parks and playgrounds.

CARMICHAEL

"There Are No Strangers In Carmichael"
(Courtesy Chamber of Commerce)
The Carmichael Chamber of Commerce is located at 2922 Fair Oaks Blvd., Carmichael

Location—Carmichael, located about ten miles northeast of Sacramento, the Capital of California, is a rural community designed by nature to be a place for gracious, leisurely country living. It encompasses over one-hundred square miles, of which an extensive area borders the beautiful American River. Slightly rolling hills weave their way backward from the river, with the Sierra Nevada Mountains to the

Eastward. The terrain provides an ideal and cultured setting for quiet living, with schools, churches, recreational areas, and required business establishments available. It is ideally situated for those working in Sacramento, McClellan Field, Mather Air Force Base, Aero-Jet General Plant, Folsom Dam, Nimbus Dam Geological Survey as well as other businesses and industries.

Business--Carmichael's business district includes every line of stores and merchandise (Well over one hundred, not including the professions) and the friendly merchants are always glad to welcome newcomers.

Education—School attendance in the past 10 years for the Arden-Carmichael School District has grown from 596 to 12,000. Six years ago there were two grade schools; now there are sixteen, with five more to be added in the next three to six months. One new high school has been built and another is underway and two more are projected. Carmichael also is part of the American River Junior College District, which has a new $5,000,000 plant.

Homes and Parks--Every type of home is found in Carmichael from the spacious mansion to the most modest. Your initial impression of Carmichael will make you want to linger a while, and as you become acquainted with the opportunities for personal accomplishment in living—you will feel assured that Carmichael is the place. Our Carmichael Park is one of the most beautiful in the Country. It has a beautiful modern Community Club House, a Veterans Building, ball parks and picnic spots. It will also have the Community Swimming Pool very soon.

Fire Department—The Carmichael Fire Department, depending largely on 37 volunteers, has an outstanding record in fighting fires. It has 2 firehouses with 6 trucks. Two of them are 1,000 gallon pumpers and one crash truck. Carmichael has its own fire alarm system and all trucks are equipped with two-way radio.

Organizations—Churches of every denomination play a very important part in the life of the residents of Carmichael. Its clubs and lodges include Rotary, Lions, Chamber of Commerce, Junior Chamber of Commerce, American Legion, V.F.W., P.T.A., Improvement Club, Business and Professional Women's Club, Order of Eastern Star, Native Daughters of The Golden West, American River Riders, 4-H and others. There is an organization or lodge for everyone.

Established 12 years ago, this young and enterprising chamber has grown from a group of 30 business men to over 250 members. In co-operation with the Junior Chamber of Commerce, the West Sacramento Rotary Club, the Port District Kiwanis Club, The West Capitol Avenue Motel Association, The Business and Professional Women's Club, and the Westport Optimist Club, this chamber has seen this area grow from a population of 13,786 in 1950 to over 23,500 at the present time. West Sacramento has 2 hotels and 46 motels and a combined 1,800 rooms for tourist commercial, or conventions. It has the ORIGINAL MIRACLE MILE MOTEL STRIP which is only 5 minutes from down town Sacramento. Accommodations from the finest to a modest tourist cabin can be had here and fine restaurants serve the finest and best food found anywhere in the whole United States. Industrially, West Sacramento is the "hub" for rail, water, and highway transportation. Three major railroads, two federal highways and the Sacramento river carry products to all corners of the globe. The largest industries in West Sacramento are the rice processing, and trucking industry. . . . West Sacramento is the home of one of the World's largest rice mills and two major co-operatives. 15 major trucking firms have headquarters in West Sacramento. Oil bulk storage is another major industry, with 10 firms having major storage facilities here. Steel manufacturing, commercial trailer manufacturing, box making, meat packing and sausage casing preparation firms all are located in this area. The future of West Sacramento is assured, as it will be the port city for the Sacramento Yolo Port. Soon large ocean going vessels from all over the world will dock at West Sacramento.

80 percent of all homes in West Sacramento are owner-occupied. The climate is moderate. We have warm summer days and cool evenings. Water, gas, electric services are provided in abundance. The assessed valuation of this great area is about 30 million dollars.

West Sacramento has 18 churches, 4 libraries, 1 newspaper, 2 banks, 3 parks, and 5 playgrounds. There are two high schools, one in Clarksburg, and one in West Sacramento. Plans are afoot for another high school in the Broderick Bryte area. The University of California at Davis is only 11 miles away. Sacramento Junior and State College are less than five miles

There are three VFW Posts in this area, and American Legion Post, PTA in all the schools, Community Council and Planning groups, Boy and Girl Scout Troops, Civic Organization Clubs, and church groups in all churches. Plans are afoot to build a new community swimming pool in the near future. Recreation on the river and Lake Washington is unlimited. 25 Swimming Pools for the weary traveler can be found on the Original Miracle Mile Motel Strip, famous as a tourist attraction all over the world.

Please! Do Not Lend Your CITY DIRECTORY

IT COSTS YOU MONEY—Every Time it Is Loaned

[illegible] your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

[illegible]

[illegible] involved in the making of the DIRECTORY of Your City.

[illegible] ABSORBED BY THE SUBSCRIBERS—BE THEY ONE [illegible]

If there were but ONE SUBSCRIBER to the CITY DIRECTORY—THE ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST.

If there were 100 SUBSCRIBERS—each one would have to absorb 1/100th PART OF THE WHOLE COST.

If there were 1000 SUBSCRIBERS—each one would have to absorb 1/1000th PART OF THE WHOLE COST.

From which it is obvious that the GREATER the number of subscribers—the LESSER the cost to each.

And

It is also obvious that the LESSER the number of subscribers—the GREATER the cost to each.

Every time you loan your City Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.

Do your employers furnish you with the latest edition of the City Directory

?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

Please! Do Not Lend Your CITY DIRECTORY

IT COSTS YOU MONEY—Every Time it Is Loaned

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the DIRECTORY of Your City.

THIS COST MUST BE ABSORBED BY THE SUBSCRIBERS—BE THEY ONE—OR BE THEY 1000.

If there were but ONE SUBSCRIBER to the CITY DIRECTORY—THE ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST.

If there were 100 SUBSCRIBERS—each one would have to absorb 1/100th PART OF THE WHOLE COST.

If there were 1000 SUBSCRIBERS—each one would have to absorb 1/1000th PART OF THE WHOLE COST.

From which it is obvious that the GREATER the number of subscribers —the LESSER the cost to each.

And

It is also obvious that the LESSER the number of subscribers—the GREATER the cost to each.

Every time you loan your City Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.

THE PUBLISHERS

When You Want to Know:

—where a person lives.

—what his occupation is.

—who lives at a certain number on a street.

—where a street is located.

—the correct spelling of a name.

—the officers of a corporation.

—the partners in a firm.

—the solution to any of scores of problems that pop up unexpectedly to annoy and baffle you.

—you can quickly find the answer in the City Directory.

Out of Sight — Out of Mind — Out of Business
The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.
The City Directory is the natural medium for keeping a business or product name in the spotlight

Out of Sight — Out of Mind — Out of Business
The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.
The City Directory is the natural medium for keeping a business or product name in the spotlight

Out of Sight — Out of Mind — Out of Business
The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.
The City Directory is the natural medium for keeping a business or product name in the spotlight

Out of Sight — Out of Mind — Out of Business
The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.
The City Directory is the natural medium for keeping a business or product name in the spotlight.
